Idea behind the Logo Design

The colours are from Indian Flag and summarizes everything India stands for.

Saffron: The topmost part of the national flag is designed using saffron colour which indicates courage and selflessness of the nation. It is the common and religiously significant color of the religions like Hindu, Buddhist and Jain.

White: The middle part of the Indian national flag is designed using white colour which represents the honesty, purity and peace of the nation.

Green: The lowermost part of the Indian national flag is designed using the green colour which represents the faith, fertility and prosperity of the nation.
